

Population for Storm Water Entities as Defined by the 2000 Census

South Dakota

This document contains calculations for populations within an Urbanized Areas (UA) as designated by the US Census Bureau for the state of South Dakota. Population is calculated for each portion of either an incorporated place or a county within an UA and is based on the population values provided by the 2000 US Census Tiger data. In addition, a table is included that provides a list of places that have a population greater than 10,000 people and a population density of 1,000 people per square mile that are not located in an UA. This data was obtained from the US Census website.

Urbanized Area Populations

The table below provides a guide for the UA table headings.

<u>Heading</u>	<u>Meaning</u>
UA Name	Name of the UA
County	County in which the UA is located
FIPSSTCO	State and County FIPS Code
Place Name	Name of the Incorporated Place
Population 2000	Population of selected area based on the 2000 US Census

UA Name	County	FIPSSTCO	Place Name	Population 2000**
Rapid City, SD	Meade	46093	Blackhawk	2,333
Rapid City, SD	Pennington	46103	Colonial Pine Hills	8
Rapid City, SD	Pennington	46103	Green Valley	323
Rapid City, SD	Pennington	46103	Rapid City	57,091
Rapid City, SD	Pennington	46103	Rapid Valley	5,979
Rapid City, SD	Pennington	46103	*	1,046
Sioux City, IA--NE--SD	Union	46127	North Sioux City	2,189
Sioux City, IA--NE--SD	Union	46127	*	1,346
Sioux Falls, SD	Lincoln	46083	Sioux Falls	6,500
Sioux Falls, SD	Minnehaha	46099	Sioux Falls	116,875
Sioux Falls, SD	Lincoln	46083	*	127
Sioux Falls, SD	Minnehaha	46099	*	767

* The population calculation for this area provides the population within the UA that is not located within an incorporated place. An incorporated place is created to provide governmental functions for a concentration of people. For example, a city or municipality is an example of an incorporated place.

** Some incorporated places appear twice since they are located within multiple counties. To calculate the total population within the incorporated place add all values associated with it together. For example, the population of Sioux Falls is 6,500 + 116,875 = 123,375.

Outside Urbanized Area Populations

As mentioned above, the places in the following table all have a population greater than 10,000 people and a population density of 1,000 people per square mile.

Place and County	Population 2000	Population Density (per sq. mile)
Aberdeen city, Brown County	24,658	1,902.10
Brookings city, Brookings County	18,504	1,549.70
Huron city, Beadle County	11,893	1,448.50
Mitchell city, Davison County	14,558	1,475.70
Pierre city, Hughes County	13,876	1,065.80
Watertown city, Codington County	20,237	1,328.90

Population density and 2000 information was obtained from the U.S. Census website (<http://www.census.gov/main/www/cen2000.html>).
